

## Andrewz English class UNO

1. Get a pack of Uno cards . Take out the +4 , Wild and Reverse cards . Do not use these cards , put them back in the box .
2. Shuffle the rest of the cards well . Deal 7 cards to each player . The remaining cards are put face-down in a pile in the center of the table , this becomes the ' Draw Deck ' .
3. Turn the top card face-up , place it next to the Draw Deck . This face-up card begins what we shall call the ' Discard Pile ' .
4. The object of the game ' Uno' , is to be first to rid yourself of all cards .
5. On a player's turn , they must play a card of the same color , or the same value , as that of the upper-most ' Discard Pile ' card . Do Rock / Scissors / Paper , or use some other means to determines who plays first . Then go around clock-wise .
6. The first card may be a Skip or +2 , in which case the player may have to draw 2 , or miss a turn - due to the Skip card ..
7. RULE : On your turn , you may play ONLY 1 card . Play a card of either the same color or value as the card on top of the ' Discard Pile ' . If you cannot , you must say ' PASS ' , and take a card from the top of the Draw Deck . RULE : You cannot play a card that you pick up immediately , you must wait until your next turn .
8. RULE : When you play a card , you MUST say ( and ONLY say ) any change to the card upon which you play . So, if you play a green 7 on a green 4 ,you ONLY say ' 7 ' . If you play a blue 5 on a yellow 5 , then you ONLY say ' Blue ' .
9. RULE : If you accidentally say something that hasn't changed , then you must take the card back in hand . So , if you play a red 6 upon a red 3 , and say ' Red ' , you must take back the card . It is then the next player's turn .
10. If there is no change , ( for instance, playing a green 4 upon a green 4 ) , then you must say **absolutely nothing** .
11. The above rules apply in the case of Skip and +2 cards also . So , if a green Skip card is played , the next player misses a turn . Should the next player who can play a card , play a red Skip card , the player must take care to ONLY say ' Red ' – otherwise they have to take the card back . If a player plays a blue +2 card , the next player may play a +2 card ( meaning the following player must either play a +2 card , or pick up 4 cards , then 6 , 8 , .. ) , the player must take care to say only the color – should it change ) .
12. When you have only one card left , you must say ' Uno ' . If you do not before the next player has taken their turn , you must pick up a card on your next turn . NOTE : The last card cannot be a +2 or Skip card .
